### **Cataloochee's After School Program for Middle School Students**

Cataloochee Ski Area would like to offer two special programs to Haywood County School students. This will be the first year we have offered middle school students the chance to learn to ski/ski better or snowboard/snowboard better. We had excellent participation in the after school program last year, and this year we hope to have students from all areas of our county.

We would appreciate your consideration of these two programs. We are requesting permission to distribute this information to all middle school students:

- Program flyer to each middle school classroom

Upon approval, please contact Sue Reitze at 926-0285 (ext. 0) so we will be able to distribute the flyers as soon as possible.

Thank you.
